SUBJECT LINE: Performance Measures Public Comment Period is Now Open!

Dear Feedback Network Member,

Thank you to those of you who were able to participate in last week's Performance Measures Coordinating Committee (PMCC) meeting, either in person or by webinar. The Governor-appointed Committee, along with members of three Common Measures Technical Workgroups have been working together to identify measures for the Statewide Standard Core Set of Performance Measures.

At last week's meeting, the workgroups presented a final draft list of measures for the committees' consideration. The committee provided their initial approval to the draft set of starter measures, however because this is a draft set, we are counting on your thoughts and comments before the committee finalizes the set of measures on December 17, 2014.

We would like to invite you to participate in a brief online survey to hear recommendations you may have. The results and comments of the survey will be aggregated and submitted in a report for the workgroup's and committee's consideration prior to the December meeting.

Prior to completing the survey, it is important that you review the final recommendations presented to the PMCC last week. The document titled "Measure Set Final Work Group Recommendations" can be found on the Healthier WA Performance Measures page at http://www.hca.wa.gov/hw/Pages/performance_measures.aspx.

After you have reviewed the recommendations, go to <https://www.surveymonkey.com/s/HHZ7V9F> to complete the survey. **To be considered, all survey feedback must be received by 5:00 pm on Friday, November 21, 2014.**

Thank you for your interest in the development of the Statewide Core Measures Set and for helping make Washington a healthy place to live, work, and play!

Please let us know if you have any questions.
